

Request for Council Action

Originator Planning	Item Three Rivers' Hyland Ski and Snowboard Area/Ski Jump Update
Agenda Section Study Item	Date 4/27/2015
Description	

Staff from Three Rivers Park District will provide an update on four topics:

1. Review Hyland Ski and Snowboard Area (HSSA) 2014-2015 season operations.
2. Update on HSSA chalet construction.
3. Request for reconsideration of previous agreement regarding HSSA's after-hours lighting. The site development agreement between Three Rivers and the City and the Council's conditions of approval for the chalet include the following provision. Three Rivers would like to apply to amend this provision if the City Council is receptive to hearing a request to amend the condition.

To reduce the impacts of ski slope lighting on surrounding property owners, by November of 2015 Three Rivers must install a secondary slope lighting system for maintenance purposes. The secondary slope lighting system must direct all lights up-slope and must be circuited to allow multiple maintenance zones. After hours and except for emergencies, general slope lighting must be extinguished and lights for maintenance purposes may only be used when maintenance is underway in a particular maintenance zone."

4. Update on 2015 ski jump parking lot and small jump improvements project.

Requested Action

Information item. No action required.
